Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Intelligence School

DATE: 11 October 1961

FROM : Chief, Intelligence Production Faculty

SUBJECT: Weekly Activities Report No. 36
4 October - 10 October 1961

I. SIGNIFICANT ITEMS

Nothing to report.

II. OTHER ACTIVITIES

1. All members of the faculty have been rushed during the past week with the start of Intelligence Research Techniques Course for the Scientific Intelligence Officer Trainees and with preparations for the Intelligence Production Course later this month. The OSI trainees show real interest and ability and should be well able to handle the packed schedule of this course. The preparations for the DDI JOT's in the Intelligence Production Course are now complete.

2. [REDACTED], a new member of the Operations School faculty, consulted with [REDACTED] Wednesday on source materials and procedures in planning for an interrogation course. 25X1A9a 25X1A9a

3. Two draft chapters of an experimental study of Indicator Analysis have been written. A few copies of the two chapters are now being distributed to selected individuals in the DDI production offices in order to obtain the reactions of the working analyst to this approach to analysis.
